Ellicott City, Maryland 21043

Dear Mrs. Scheel:

I was sorry to hear that your husband died last year.

I am writing to inquire about two properties which he owned. They are Friendship Manor, Lot 2, Section 1 on Route 144 and Friendship Manor, Lot 37, Section 2 on Wellworth Way. I inspected both of these properties on January 3, 1979 and found that the septic systems had been covered before being completely inspected.

Please call this office to discuss this situation. If you do not own these properties, call and let us know who owns them. If you do own these properties, you must uncover parts of the septic systems for inspection. I was unable to contact you by phone.

Very truly yours,

Raymond Hodges,  
Sanitarian
