MEMORANDUM

TO:

Howard County Recreation & Parks

ATTN: Bob Linz

FROM:

Kevin M. Wolf, R.S., R.E.H.\$

Environmental Sanitarian Well and Septic Program

RE:

205 Watersville Rd.

Mt. Airy, MD 21771

M. 2, G. 10, P. 46 – 19.08 AC

(Demolition of Existing House, Barns, and Garage)

This is to advise that the Howard County Health Department recommends issuance of the demolition permit for the above referenced property.

Two wells currently supply water for the above referenced property. The one serving the house (no tag) was sealed by a licensed well driller. Confirmation of the abandonment report has been received by this office. The other well, serving the garage, will be sealed by a Maryland licensed Well Driller shortly after demolition; documentation to be submitted.

The septic has been abandoned/sealed per COMAR. Confirmation that this task has been completed has been submitted and received by this office.

Please be advised that after demolition if you decide to re-build on this parcel, you will need to apply for percolation testing through our office to. This lot does not contain any percolation records and therefore will be subject to testing to develop an area suitable for an onsite sewage disposal system. Remember, this testing is only if you decide to re-build on this parcel.

If any other wells or septic systems are found during site work, please notify this office immediately.

Subject: Demolition Permit appoval signature 205 Watersville Rd.

Good morning Robert,

I dropped off paperwork yesterday to obtain appropriate signatures for the demolition permit for the Chaconas house located at 205 Watersville Road (previously 323 Watersville Rd.). The septic and hand dug well were abandoned with documentation. We are keeping the conventional well to provide a water source to the garage. Please let me know when approval is given so that I can stop back and pick up the Demolition permit. Thank you for your assistance!
