**RE: B15005229**  
**1406 Long Corner Road**  
**MT. Airy, MD 21771**

WILLIAM BONOLIS:

This letter is in response to building permit **B15005229**. The application describes interior alterations plus an addition. Upon review the building permit and site plan, the submittal did not include a copy of the floor plans of the existing house, and proposed changes.

Additionally, the site plan must include the proposed addition, the onsite well and all septic system components (septic tank, drywell and trench etc.) to ensure all setback requirements are being met. Please find a copy of the setback requirements (attachment).

Currently, this office does not have a record of the septic system. Please provide documentation of the size and condition of the septic tank, drywell and/or trench. You may have to hire a licensed septic contractor for assistance.

Building permit approval is being placed on hold until floor plans, a revised site plan drawing and septic details have been forwarded directly to the Health Department. Should you have any questions, please don't hesitate to ask.

Respectfully,

*Hank Oswald*

Hank Oswald, L.E.H.S  
Bureau of Environmental Health  
Well & Septic Program
