RE: Waiver Approval
4844 Ten Oaks Road
Dayton, MD 21036

Dear Mr. Young:

This letter is being issued in response to your waiver request. This agency has **approved** the waiver to the required Percolation Certification Plan and perc testing to establish a septic reserve area as required by the *Howard County Code, Subtitle 8, Section 3.805*. The waiver has been approved on the basis that the proposed storage building is on a 6 acre property and located on the opposite side of the home approximately 300 feet from the existing on-site sewage disposal system. Any deviations from the site plan submitted with the building permit will be subject to further review by this Department.

Any questions regarding this decision may be directed to the Well and Septic Program of the Howard County Health Department.

Respectfully,

Michael J. Davis
Assistant Director
Bureau of Environmental Health

Oswald, Hank

This letter is for:

Waiver request for certification plan.

To director Mike Davis

Large 6 acre property with septic on the opposite side of house. Plenty of room for septic reserve. Existing septic in good condition.

Thank you.
