## Peter L. Beilenson, M.D., M.P.H., Health Officer

December 13, 2007

Warren Bell 4851 Ten Oaks Rd Dayton, Maryland 21036

RE:

B07004701 4851 Ten Oaks

Dear Mr. Bell,

Building permit application #B07004701 for the referenced property has been reviewed by our office and has been placed on hold. The site plan submitted with this application indicated the proposed pole barn to be <10' from the septic field, a 20'setback is required between a septic area and a pole barn. A revised plan must to be submitted to our office showing the appropriate setback. Also, due to the proximity of the proposed pole barn to the existing septic system, a site visit is being requested to verify these locations. Please contact the office to schedule an appointment. In addition, percolation testing has not been completed on the property to establish a sewage disposal area nor was a percolation certification plan approved. A percolation certification plan is required prior to building permit approval (Howard County Code, Title 3 Buildings, Subtitle 8 On-site Sewage Disposal Systems 3.805 A(1) and A(2)).

A variance to waive the percolation certification requirement may be submitted in writing by the homeowner. Variance reviews are subject to a three week review period, at which time an approval or disapproval will be granted. A scaled site plan must be submitted with the request.

If you have any questions regarding this matter, please contact me at the above address or by calling (410) 313-4261. Information is available online at:

http://www.howardcountymd.gov/Health/HealthMain/EnvironmentalHealth/EnvironmentalHealth WaterSewerage.htm

Sincerely,

Sara Sappington, R.S. Well and Septic Program Development Coordination Section DEPARTMENT OF INSPECTIONS, LICENSES AND PERMITS 3430 COURT HOUSE DRIVE ELLC D'IT CITY, MD 21043 PERMITS (410) 313-2455 INSPECTIONS (410) 313-1810 ALTOMATER IN PROMITTION (410) 313-3810
