RE: Percolation Testing
Orndorff Property
Tax Map 28 Parcel 42

Dear Mr. Orndorff:

Percolation testing conducted on June 27, 1987 on the above referenced property indicated satisfactory soil conditions on Lot 1 (existing lot), 2, and 3. Lot 4 failed to pass the test due to high water table.

Approval of lots 1 thru 3 is contingent upon submission by a registered engineer of a plat showing certified test hole locations and a suitable house and well site. In addition, please show all test holes on Lot 4

This plat should be submitted within sixty (60) days to allow field verification if necessary.

If you have any questions regarding this matter, please feel free to contact me at the above address or by calling 461-9933.

Very truly yours,

A handwritten signature in cursive script that reads "Craig Williams".

Craig Williams, Director
Water and Sewerage Program
