January 16, 2004

Howard County Health Department

ATTN: Frank

REF: 604 West Watersville Road

When we went to the above address on January 2, 2004 we located a drywell that had two feet of liquid depth remaining and it had a deep trench off the drywell that had dry stone. If I can be of any further help, please contact me.

Sincerely,

  
Kurt Cassell  
Supervisor
