RE: Dorsey C. Myers property
Duvall Road

Dear Mr. Hogg:

I have reviewed the percolation test data pertaining to the above referenced property. Please be advised that approval for a sewage disposal system has been denied. There can be no sub-surface testing done on this lot until the wet season (February 1 to April 30).

The Harbins have the right to appeal as outlined in Mr. Monaghan's letter of August 18, 1978. Should you need additional information concerning this case, please feel free to call the Bureau of Environmental Health at 992-2330.

Very truly yours,

A handwritten signature in dark ink, appearing to read "JMB", is written over the typed name.

Mr. Monahan
Howard County Health Dept.
Environmental Health
Ellicott City, Maryland 21043

Dear Mr. Monahan,

I have spoken with my husband about your visit to my office yesterday and the news given. We are not granting permission to enter our property on Duvall Road.

At the request of your office, a perk test was performed on February 1, during the wet season we purchased the property on March 2, 1979, as a result of your findings (these findings constituted a contingency in our contract with Mr. Dorsey C. Myers).

The decision of you and a Representative from the State at the perk site, was that it passed. Later that afternoon both of you visited my office and informed me that the perk test passed successfully.

In reply to information requested yesterday, there is a ^{Buh} bored/drilled well on the property approximately 65 feet deep and in use at present.

We are giving your office and the State office 10 days (ten) to forward us the written documentation you promised us on February 1, 1979 that the perk test has passed or legal action will be taken.

Sincerely yours,

Barbara A. Harbin

Ellicott City, Maryland 21043

Dear Dr. Boyd;

This is to inform you that my husband and I are starting legal proceedings in regards to the Dorsey C. Myers property since we haven't received any written documentation from your office or the State Department that the property passed. Please refer to the letter mailed to Mr. Monghan dated March 21, giving your office 10 (ten) days.

I am sorry but I feel that we have been more than generous concerning this situation.

If you would like to contact me in regard to this please call my office 461-9703 or home after 4:30 at 465 -6519.

Thanking you in advance for your immediate attention to this matter.

Sincerely yours,

Barbara A. Harbin

MEMORANDUM

Copies { ✓ Mr. Donald Monaghan

Thru: Mr. Morris L. Hennessey
TO Mr. Palmer F. Wine From Mr. John F. Covalt Date 4-2-79
Subject DORSEY C. MYERS PROPERTY

On February 1, 1979, Mr. Donald Monaghan, of your staff, and I observed two excavations on the property of Mr. Dorsey C. Myers, Duvall Road, for the purpose of determining groundwater elevations in the proposed sewage disposal area.

Both pits were excavated to a depth of nine feet below the surface and no groundwater was encountered. This information, along with the satisfactory percolation tests previously conducted, would indicate that a shallow type sewage disposal system could be installed and expected to function properly.

If you have any questions, please communicate with me.

March 1, 1995

Mr. Timothy Totis
2821 Duvall Road
Woodbine, Maryland 21797

RE: Building Permit Application
Serial No. 58190
Addition to Existing Dwelling
2821 Duvall Road

Dear Mr. Totis:

Please be advised that the Howard County Health Department, Bureau of Environmental Health, cannot recommend approval for the above referenced building permit application at this time. This office is unable to determine if adequate septic capacity exists to support the requirements of the new addition.

Additional information on total square footage of new home addition and/or total number of bedrooms is needed. If the information is for a large addition and/or an increase in the number of bedrooms, a repair percolation test would be required to determine if sufficient septic repair area may be needed. The application may be obtained from this office and the test fee is \$25.00 (Check payable to Director of Finance).

If you have any questions relative to this matter, please call me at 313-2640.

WITH THIS PLANNED ADDITION,

Very truly yours,
