RE: **6490 Prestwick Drive – (Willow Pond Lot 5)**
Clarksville, MD 21029
M. 34, G.17 P. 444 – 3.000 AC
(Demolition of existing structure – rebuild new home w/in subdivision)

This is to advise that the Howard County Health Department recommends issuance of the demolition permit for the above referenced property.

The existing well (HO-73-3551) that was utilized for the above referenced property has been located and sealed. This task was completed by Joe Mayne Well Drilling (MSD 024) on 6/4/2013. The well abandonment report was submitted and reviewed by our office for completion.

The existing septic system on this property will be pumped out and collapsed by Hatfield's Equipment. Documentation and invoices of this task must be received by our office for record of completion once completed.

Current utility records show this parcel does not have access to water and sewer. If plans to re-build on this parcel, you will need to install the well and septic per Howard County specifications and regulations.

If any wells or septic systems are found during site work, you must notify this office immediately!
