**RE: Variance Approval**  
15240 Frederick Road  
Woodbine, MD 21797

Mr. and Mrs. Rutley:

This letter is being issued in response to your variance request dated March 26, 2012. This agency will grant **approval** of the waiver to the required Percolation Certification Plan as required by the *Howard County Code, Subtitle 8, Section 3.805*. The waiver has been approved on the basis that the proposed enclosure of the porch does not impact the repair area available for future on-site sewage disposal.

Please be advised that any future addition may require percolation testing and a Percolation Certification Plan will be required. Any deviations from the site plan submitted with the request will be subject to further review by this Department.

Any questions regarding this decision may be directed to the Well and Septic Program of the Howard County Health Department.

Respectfully,

A handwritten signature in cursive script that reads 'Michael J. Davis'.

Michael J. Davis, R.S.

RE: General Variance Request  
Walk Through Building Permit  
15240 Frederick Road  
Woodbine, Maryland 21797

TO: Dana Bernard and/or Approving Authority

As the owners of 15240 Frederick Road, Woodbine, Maryland 21797, I am requesting a waiver for percolation testing and for a Percolation Certification Plan. The requested waiver will support the walk through building permit to allow the construction of a 10' X 30' addition. The addition does not infringe on any required setbacks for the well or the septic system. The existing septic system is pumped every three years and is functioning properly. An exhibit is attached showing the placement of the addition.

Sincerely,

Mr. Brent and Amy Rutley  
15240 Frederick Road  
Woodbine, Maryland 21797
