November 09, 1994

Mr. & Mrs. Sandra Kendall
P.O. Box 1015
Clarksville, MD 21029

Re: Percolation Testing
3 Commercial Parcels
Kendall Properties
North West Side of Clarksville Pike

Dear Mr. & Mrs. Kendall:

Two wet-season percolation test dates have been reserved for March 11, and 12, 1995.

You will recall that during recent septic repair work on the property, a road drainage pipe and high water table observations were encountered. These conditions dictate that evaluation be conducted during the spring wet season so that maximum potential water table can be properly assessed, and suggest that it may be difficult to accommodate the full projected waste water flow of 4500 gallons per day on this site.

You will be responsible for having a contractor on-site to excavate test holes at the corners of proposed percolation area.

Please call this office between 8:30 a.m. and 4:30 p.m., Monday through Friday, to confirm your acceptance for this percolation test date.

Thank you for your cooperation in this matter.

Very truly yours,

Craig Williams, Program Director
Water and Sewerage Program

Re: Percolation Testing
3 Commercial Parcels
Kendall Properties
North West Side of Clarksville Pike

Dear Mr. Williams,

After receipt of the scheduled Wet-Season test dates of March 15 and 16, 1995. The owners of The property have had some preliminary testing performed on the above referenced site. Due to the results of that testing the owners wish to cancel the scheduled test dates of March 15 and 16, to allow them an opportunity to re-think their proposed site layout. With cancelling this perc testing we hereby request a refund of the test fee of \$675.00 paid at the time of application. A copy of the receipt is transmitted herewith.

Thank you for all the help you have been able to offer in regards to this site.

Sincerely,

Donald A. Mason
