COMMENTS: Diagonal area of green grass in otherwise dry lawn may indicate where a repair septic  
trench or a runoff drain pipe may have been installed. Old cleanout pipe to old drywell has been removed,  
but septic tank cleanout is apparent to 6" and is dry. No sewage seepage observable. Nov. PJP 7/15/95

Repair was scheduled in 1992. Reason for investigation appears to be a request by maintenance chief at State Park. Because it was never repaired - system may be failing - please confirm
