Jobsite/Installer Details

Do you plan to insulate this building after Tuff Shed installs it?
Yes

Is there a power outlet within 100 feet of installation location?
No

The building location must be level to properly install the building. How level is the install location?
Slab provided by customer will be within 1/8" tolerance on square, level, exterior dimensions to match the building size (per customer agreement).

Will there be 18" of unobstructed workspace around the perimeter of all four walls?
Yes

Can the installers park their pickup truck & trailer within approximately 200' of your installation site?
Yes

Substrate Shed will be installed on?
Concrete without Shed Floor

Hi Melanie,

I revised the site plan per your notes below and re-uploaded it to the portal labeled "Mi Dennison - 2290159 Revised V3.pdf"

Thank you!

Jessica

Hi Jessica,

Please remove the distance line & measurement shown from the well to garage and show the distance from the closest corner (back left) of the garage to the septic trenches. Thanks again.

Hi Melanie,

Thanks for your email. I did upload a revised site plan after we got off the phone today. Please let me know if you have any other questions!

Thanks
Jessica

Good afternoon Jessica,
As discussed earlier today, please revise the site plan to show the well & septic components on the property and the distances from the septic tank & septic area (SDA) to the proposed garage. Once uploaded to the online permits portal please let me know and I will review it as soon as possible. Hope you have a wonderful day and let me know if you have any questions. Thank you kindly!
